## ANOTHER OUTRAGE REPORTED

Strikers and Coal Operators Fail to Come to An Agreement.

## OTHER LATE TELEGRAPHIC NEWS

Chicago, Aug. 24.—Wheat took a terrible clump, today and dropped from 96, the opening figure, to 95 at noon and closed at 91 1/4. December wheat dropped to 90 1/2. Corn followed suit and dropped from 32 to 30 1/2.

The market was characterized by variations, falling and rallying. The cause of the stamp was heavy selling and lower cables.

## TWO MORE MOBS.

But Assembling for Far Different Purposes.

Fayetteville, W. Va., Aug. 21.—A mob of colored men is gathering to prevent the hanging of Jerry Brown this afternoon. A small race war is feared.

## NO AGREEMENT YET.

The Conference of Strikers and Operators Does Nothing.

Pittsburg, Aug. 24.—The conference of strikers and operators came to no agreement, and the conference adjourned.

The following were the propositions submitted on both sides:

By the miners: Miners to resume work at the 69 cent rate, pending the decision of a board of arbitration.

By the operators: Miners to resume work at the 5 cent rate, pending a decision of a board of arbitration.

Miners to resume work at an intermediate rate between the rate demanded and the one paid prior to suspension, pending a decision of a board of arbitration.

Miners to resume operations without a price named, pending a decision of the board of arbitration.

The operators now say that they will resume with non-union labor.

## FORTUNATE CHRISTIAN.

Dollar Wheat Means Great Things for the Farmers of That County.

Hopkinsville, Ky., Aug. 23.—A special to the Louisville "Times" says W. T. Cooper, acting for himself and two other growers, S. Sunday and the Crescent Milling Company 17,000 bushels of cash wheat at \$1 per bushel. Many farmers are in town and are jubilant over the good price, and most of them will let their crops go at \$1.

The Christian county crop is estimated at a million bushels, and an advance of fifty cents means a half million dollars to the farmers, as but few of them have sold.

Schiller Crabb Arrested, New Castle, Ky., Aug. 24.—A warrant has been issued charging Schiller Crabb with fraudulently selling 170 barrels of whisky. He will arrested this afternoon.

THROWN OUT.

Was Caufield's Case Against Warden Happy.

His Damage Suit Against the Louisville "Post" Set for Today.

The damage suit of U. I. Caufield in the Lyon circuit court against J. L. Happy, warden of the Louisville prison at Edgewood, was deferred out of court yesterday by Hailey's attorneys. The court finds that if Caufield has any cause of action at all it can only be sustained by insidious action.

The suit of Caufield against the Louisville "Post," for \$25,000, for alleged libel, is set for trial, and Hon. Ollie James, of Marion, and Sam Molley, of Kuttawa, are the plaintiff's attorneys.

AN OLD RESIDENT.

Uncle Fayette Harrison Died of Old Age.

Was 82 Years Old and Leaves Three Children.

Uncle Fayette Harrison, one of the oldest and most highly respected residents of the county, died at 6 o'clock last night at his home near Lamont, of old age.

The deceased was 82 years old, and had been a resident of Kentucky all his life. He leaves three children, William and James Harrison, and Mrs. Treewaller.

The funeral took place today, services by Rev. T. J. Simmons. The remains were laid to rest in the family burying ground on the farm.

Mr. Vaughan Will Probably be Absent Until Christmas.

Messrs. S. C. Vaughan and J. W. Baker left this morning for Louisville to begin a tour in the interest of the A. O. U. W.

Mr. Vaughan will probably be gone until Christmas, but Mr. Baker will return in a few weeks. The former made his first trip in the interest of the lodge a year ago this month, and reports it a flourishing condition with a total membership of 340,000.

ARM MASHED OFF.

Thomas Walters Injured Under a Train.

Ran Over at Gravel Switch Last Evening.—Brought Here.

Thomas Walters, an employee of the Illinois Central railroad, was run over at Gravel Switch late yesterday afternoon and lost his left arm just off. The injured man was so badly mangled that he had to be amputated near the shoulder, at the Illinois Hospital, where Walters was taken last night.

The unfortunate man attempted to board a gravel car and go home when he missed his footing and fell under the wheels. He was brought to last night, and today his wife, who lives near Gravel Switch, came to the city to attend him. He is resting easily today.

## BOILER LET GO.

Three Men Killed at Cairo Yesterday.

## ALL BUT ONE COLORED.

Fit Others Were Badly Injured.

Boiler Burst at Holiday's Brickyard.

## CAUSE OF EXPLOSION UNKNOWN.

Cairo was thrown into great excitement yesterday morning about 7 o'clock by the explosion of a big boiler at the brickyard of W. R. Holiday & Co. The dead are: RUYER BRADLEY, engineer; GIDEON RICKS; HENRY SCHILLER.

Schiller is the only white man killed or injured. The first two are colored, and in addition eight colored men were badly injured, but will not necessarily die.

The cause of the explosion has not yet been determined.

## A NEW ORDINANCE.

Regulating the Imprisonment of Habitual Offenders.

Marshal Collins—Needs Paducah is Badly in Need of One.

Marshal Collins thinks that Paducah ought to have some ordinance regulating the confinement of prisoners in the lockups. When a man is sick or disabled he is given care for every day he does not work, and is fed at the city's expense, just the same as when he works. Marshal Collins thinks this ought to be done, as a great many prisoners play off on the overseer of the chain gang and thus evade justice.

In Moon, his man is charged for his shoes and clothing, and for every day he is sick, rainy days and Sundays.

Frank Haffey is one prisoner who for some reason is never made to work when he is fined or ordered to Marshal Collins. He now has a bad habbit, and Marshal Collins thinks he might as well be turned loose.

A GENERAL FIGHT.

Proves to be Only a Little Bituff.

Proceedings of Today's Police Court Session.

Mr. Vaughan Will Probably be Absent Until Christmas.

George Brown, Oscar Roberts, Peter Lee, John Brown and Bo Johnson were before Judge Sawyer this morning charged with engaging in a general fight at a South Main street wagon yard yesterday. The verdict showed, however, that George Brown and Peter Lee were the only participants, and they were fined \$5 and costs, the others being discharged.

A breach of the peace case against J. H. Hubbard was filed today.

The miscease case against Mr. R. H. Woolfolk was left open.

The case against Thomas Miller, colored, charged with using insulting language towards Isaac Elam's wife, was dismissed. Miller is too old to work, and imprisonment would be a dead expense to the city if he were fined, and it is probably well that he was discharged. Elam gave him sufficient punishment for his offense, anyhow.

DREW A KNIFE.

Officer Crow Comes Near Having to Shoot Henry Slaghter.

Conner N. Crow, on his way to get a job this morning, met Henry Slaghter, colored, who was in a disorderly manner near N. 12 and Court when Officer Crow arrived and remanded him. He is a very innocent, and the officer informed him that he did not do so much he would have to arrest him.

"You might as well hang me now," was the colored boy's retort.

The officer drew an open knife and held it in a threatening manner, whereupon the officer threw his pistol into the man's face and ordered him to drop the knife. He did not immediately comply with the request, Officer Crow says he would only have shot him.

Slaghter was locked up for disorderly conduct and resisting an officer.

PLenty of Fleas.

But the Meeting Never Began—Hence It Was Not Broken Up.

The account in today's "Register" of how a meeting conducted by Rev. Cap Owen in the country was broken up by fleas is untrue. The only foundation for it was that a regularly monthly meeting to have been held there was put off. It is true, however, that there are lots of fleas in the neighborhood, but Rev. Cap Owen never stopped preaching on account of fleas.

### WRITTEN AT RANDOM.

Constable Anderson Miller, whose indefatigable efforts to suppress criminality and vice, have in the past been rewarded with excellent results, has been urged to make the race for constable in the Massac (seventh) district, and will allow his name to be used in the November election.

A race horse man was telling a crowd down on Monkey wrench corner the other day how Palmyra came to win the race during the recent continuous electric light racing.

"I'm sorry," he said, "as he stopped to expectorate, 'the fellies' were high-muck-a-mucks comes along an' tells us felles who giner ter win the race, and Crab Cider—that's the name of the hang-tail—says they won't be fit on Crab Cider, so we'll see all that C. C. Cider had his win, but some Idiots comes along in' shows the guy we telles Palmyra, where he can make more money, see, to winning the race. So the guy slips up on the hull shoot'n-match, on the way the hookers dropped them dough was a cansion! That is, they would er dropped it if they'd

And looking around to see if his exploit on met with the approval of the crowd, he slouched off towards the Mayflower, on which took passage for greased fields, where skin-games are unknown.

The detection last Saturday of small boys in breaking the glass insulators on telegraph poles no doubt recalls to the minds of a great many "grown-up boys" a time when throwing rocks at these elevated targets was a popular diversion with the boys. They used to get out droves and swarms and test their skill and accuracy by shelling stones at the insulators, and the telegraph and telephone companies had to spend large sums of money every year in replacing those that were demolished. The police eventually succeeded in breaking up the practice, or else the boys of later generations found amusement in it. Later, and soon after the city put up its electric globes, the boys directed their attention to these, and for some time a globe could not be kept whole longer than a day or two. This practice was soon also broken up, however, and now the boys have utilized their ability as throwers by all becoming amateur baseball pitchers.

The complaint relative to express wagons blocking the streets on either side of the market house become so persistent that the authorities likely cannot longer ignore it. Day after day the drivers leave their vehicles strewed for sometimes half a square, and congregate on the corners, waiting for something to turn up. Enough space is scarcely left for the passage of street cars and other vehicles, and it is useless to ask the expressmen to move out of the way. This occurs on the busiest, most frequented streets, or it would not be bad, and Paducah is large enough, in the opinion of a great many interested persons, to prohibit it.

The bicycle is destined to play a prominent part in the political issues of the future, no doubt. One of the promises made by a candidate for mayor of the city of Louisville is that he will put a stop to the flooding of the thoroughfares by street sprinklers, in respect to the cycling contingent.

The following composition, as will doubtless be guessed, was written by a boy. It is on the subject of lynching, and as with most young boys, his ideas on the subject are quite vaginal.

"Lynching is wrong. It hurts the limbs of the beautiful trees where the birds sing. It hurts the people what's lynched. They should have a regular hangin' and sell peanuts and lemonade. People what's hung regular, by law, always go to heaven. I don't want to go to heaven that way."

The "Register," which calls its contemporaries "sleepy," had a reporter at Mayfield last night to look after the lynching. The reporter got back at 1 o'clock, but the paper did not contain a line about the excitement there last night, the reason the prisoner was not hung, or even an account of the dastardly crime. To have read the "Register," one would not have known that there was a murder committed even, much less that there would probably be a lynching.

G. A. R. Resolutions.

Headquarters L. A. Hanson Post, No. 116, G. A. R., Department of Kentucky.

Mayfield, Ky., Aug. 16, 1897.

At a regular meeting held at Post Hall, Mayfield, Ky., on the foregoing day and date said post passed the following preamble and resolutions, viz:

Preamble: Whereas, it has been an established custom during former Republican administrations of the pension bureau to administer same in accordance with the expressed desire of the members of G. A. R. post or posts in the vicinity wherein pension examining boards are organized for examination of pension applicants and whereas, a board of like character has been established at Mayfield for a number of years, our friend and fellow citizen, W. R. Ruble, M. D., of Mayfield, having held the position of secretary of examining board under the administration of ex-President Harrison, and having filled the position with such signal ability and characteristic devotion to duty as to call forth exclamations of praise and admiration from the members of our post and whereas, the reorganization of the board under the present administration embraced the appointment of said Ruble as member of board, every member of our post who was solicited signing petition to reappoint said Ruble and, Whereupon, said Ruble was again

made secretary of the new board, thereby emphasizing his capacity for the duties of the position and,

Whereupon, but a few days had elapsed since the organization of the new board, when said Ruble received a communication from the pension department advising him that his services as member of the board were dispensed with, assigning no cause or explanation for the summary dismissal. Now, therefore be it

Resolved, that we offer our most profound protestation against the action taken in the premises and that we earnestly and respectfully appeal to the Hon. Commissioner of Pensions to consider the indignity and humiliation felt by our honored and beloved friend.

Resolved, that we offer our most patriotic desire to defend the honor and integrity of our country went forth to battle, that the perpetuity of her institutions might be kept inviolate, so we still retain that love of country and American citizenship we, repelled by all that is in and right to try to vindicate the fair name of that esteemed, high-toned, short-haired gentleman and soldier's friend, W. R. Ruble.

Resolved, that the pension bureau is hereby petitioned to take into consideration the matter herein contained and to return said Ruble to his former position on said board of examiners, or otherwise make a fest to the injured, and to this post the reason for dismissal and refusal for reinstatement. We ask no more, we will be reconciled with no less.

All of which is respectfully submitted in a spirit of brotherhood, charity, and loyalty.

Resolved further, That a copy of these resolutions be forwarded to the Hon. Com. of Pensions, Washington, D. C., and a copy sent to Hon. W. J. Deboe, U. S. Senator, Marion, Ky., John C. Chapman, John B. Kite, E. T. Hatcher, Chairman.

Wilkerson, a widow lady living on West Broadway, and in the meantime worked on the house for a month for an advance of \$75. When he left the city for points unknown, leaving a large family to care for, the night and took with him nothing but his clothes and a gun. Nothing is known of his whereabouts.

WHAT EUROPE THINKS.

Bolton Wheat Knocks Out Lucy.

Is Lucy, but is very lucky  
For McKinley.

London, Aug. 23.—The "Westminster Gazette," referring to the riot, says:

"'Dollar whist' is an unherited stroke of good luck for President McKinley's government, which ought to have been overtaken by swift calamity for shamelessly paying debts to the trusts by the passage of the Dingley bill."

At the same time the "Westminster Gazette" finds comfort in the allegation that the Britonites are made to look foolish, and adds:

"The western farmers will see at once that high prices are compatible with a gold standard, and the destruction of Bryan and his panacea are bound to follow. But if President McKinley and his supporters are wise they will not for a moment imagine that when they have disposed of the silver issue they will dispose of the revolt against the American capitalists, who have never used their power so rotundely as since the last presidential election."
